

# SURFSIGHT **AI** POWERED VIDEO TELEMATICS

for smarter connected fleet

## AN EXTRA 'SET OF EYES' ON THE ROAD

Surfsight provides real-time visibility and valuable insights into the overall fleet performance, helping fleets increase safety & savings.

Equipped with a cloud connected dashcam, Surfsight visually captures the drive, automatically detects and flags harsh driving incidents and provides on-demand view and retrieval on Surfsight's cloud platform.

### AI POWERED

Alert distracted drivers, addressing one of the leading causes of preventable accidents

### MULTI-PACKED SENSORS

Real-time detection of dangerous driving events

### AI CLOUD-CONNECTED DASHCAM

Dual front-facing & cabin-facing camera to capture your drive and protect you on the road in real-time

### CLOUD STORAGE

Automatically upload footages of harsh driving incidents and provide on-demand video retrievals

### ROUTE TRACKING

Real time GPS tracking & location history

### BIG DATA ANALYTICS & REPORTS

Customized dashboard & reports for a group or a single vehicle, with the ability to drill down to a specific event

## AN EXTRA 'SET OF EYES'

Get real-time visibility into your fleet vehicles, drivers, passengers, cargo & goods

## SAVE LIVES

Maximize safety with real-time alerts of harsh driving incidents & AI detection of distracted driver

## CONNECTED VIDEO TELEMATICS

Harness the power of video to connect your vehicles and manage them on a single dashboard

## HIGHLIGHTS

### AI CLOUD CONNECTED DASHCAM

- ✓ Wide angle front facing and cabin facing cameras
- ✓ IR night vision for a clear image inside the cabin
- ✓ Powered AI and sensors for detecting harsh driving incidents including driver distractions
- ✓ LCD screen for simplifying installation & troubleshooting, reviewing videos & driver alerts
- ✓ LTE 3G/4G support, Wifi (act as a Wifi hotspot) and bluetooth
- ✓ Tamper resistant secured, 128 GB SD card support
- ✓ Built-in battery for parking mode
- ✓ High resistance to heat or extreme cold suitable for vehicles
- ✓ Simple 2 minutes in-vehicle installation
- ✓ FCC, PTCRB and US operators certification

### SURFSIGHT CLOUD DASHBOARD

- ✓ Analytics & customized reports for single or group of vehicles
- ✓ A cloud web based, multi-language, management platform
- ✓ Manage multiple vehicles at the same time on a single screen view
- ✓ Group vehicles into groups and manage them independently
- ✓ Bookmarks to view selected cameras from different vehicles in a single view
- ✓ Events log including live-video from each event
- ✓ Secure video sharing inside and outside the network by generating a simple URL link. Allow for maximum collaboration and distribution

## VALUES

### IT'S THE BEST INVESTMENT YOU CAN MAKE FOR YOUR FLEET

- ✓ Improve safety with live alerts from harsh driving incidents & SOS button
- ✓ Reduce accidents with AI detecting distracted drivers, addressing one of the leading causes of preventable accidents
- ✓ Reduce claims & insurance cost with live-video evidence stored in the cloud
- ✓ Improve operation visibility with on-demand video footages retrieval. Preventing cargo damage and theft
- ✓ Minimize vehicle idling time with live GPS and data on driving
- ✓ Increase drivers liability. Engaging employees in improving safety with data on driving behavior
- ✓ Provide instant assistance and assess damages from the field in real-time with live-video view
- ✓ Personalized drivers training based on driver's driving style with data on each driver

*In the last decade, telematics systems have transformed the way we manage our fleets. Providing the context with AI CONNECTED LIVE-VIDEO is a significant dimension that will change the way we run our fleets from now on."*

*Avi Fisher, Surfsght's CEO*
