

One integrated platform for fleet management and driver compliance

Geotab Drive + Fleet for Volvo Trucks – Integrated with factory-fitted hardware for fleet management and ELD. No installation or additional hardware required.

Geotab Drive + Fleet for Volvo Trucks offers a unique and expandable open platform for telematics. Factory-fitted hardware on Volvo Trucks combined with Geotab technology offer you fleet management services, ELD (Electronic Logging Device) and driver compliance capabilities. Activity reports, delivery schedules, GPS tracking, monitor driver behavior and more reduce fleet costs, increase productivity and efficiency. Collect and monitor high-quality data from Volvo Trucks*, all with end-to-end protection on one consolidated platform, MyGeotab.

ELD and driver compliance

Geotab Drive is an ELD app that comes integrated with this solution. You can streamline HOS (Hours of Service), DVIR (Driver Vehicle Inspection Reporting), IFTA Reporting (State miles) and driver identification, saving time and money. Drivers can record the HOS status and complete vehicle inspections from their own smartphone or tablet device. Stay up-to-date on fleet compliance with real-time access to information in MyGeotab (including violation alerts, detailed reports on driver logs, remaining hours and much more).
